Certain young adults over age 26 may be eligible for continued coverage until age 31 under the NJ Dependent Under 31 for medical and prescription benefits. In order to be eligible for the coverage, the young adult must meet certain criteria such as:

- Under the age of 31

Please note, the young adult would be the one billed directly for coverage. Please contact the Business Office for monthly premium rates and enrollment forms.

ENROLLMENT & MAKING PLAN CHANGES

How to Enroll

You must complete an enrollment form if:

- You wish to add/terminate dependents from your medical, prescription drug or dental benefits coverage.
- You are enrolling in benefits for the first time.

Please refer to the BenePortal site for a copy of the enrollment form. **Completed forms must be returned to the Business Office**

How Often Can I Change Plan Elections?

IRS Section 125 prohibits you from changing your enrollment during the plan year. Unless you have a qualified life event, you cannot make changes to the benefits you elect until the next Open Enrollment period.

Qualified life events include: marriage, divorce, death of a spouse, civil union partner or a dependent, birth or adoption of a child, termination or commencement of employment for your spouse/civil union partner, a change in employment status (full-time to part-time or part-time to full-time) for you or your spouse/civil union partner that affects benefits.

If an eligible dependent had other coverage and such coverage is lost, the eligible dependent may be eligible for enrollment during a “special enrollment period,” which is usually the 30-day period following the date that other coverage was lost, due to a qualified change in status.

You must notify the Payroll and Benefits Administrator within 30 days of experiencing a qualified status change. For birth of a child or adoption, please notify the business office within 60 days.

MAXIMIZE YOUR BENEFITS

Always Consider Your In-Network Options First

You will typically pay less for covered services when providers are in-network with your medical plan. In-network providers agree to discounted fees. You are responsible only for any copay or deductible that is included in your plan design. **The amount you are required to pay out-of-pocket for out-of-network services may be significant.**

To Locate Participating In-Network Providers:

- **Aetna Participants:** Visit www.aetna.com and select “Find a Doctor.”
- **AmeriHealth Administrators Participants:** Visit www.myahbenefits.com, select “Members” and then “Find a Doctor.”

Make Sure You are Using In-Network Labs

- **Aetna Participants** may use either **Quest Diagnostics** or **LabCorp** for lab work.
- **AmeriHealth Administrators Participants** must be sure that their providers send all blood work to a **LabCorp** location or other free standing lab. **Quest Diagnostics is not participating in the AmeriHealth Administrators network.**

In-Patient or Observation:

The difference between *inpatient* and *observation* status is important because benefits and provider payments are based on the status. Patients admitted under observation status are considered outpatients, even though they may stay in the hospital and receive treatment in a hospital bed.

Hospital admission status may affect coverage for services such as skilled nursing. Some health plans, including Medicare, require a three-day hospital inpatient stay minimum before covering the cost of rehabilitative care in a skilled nursing care center. However, observation stays regardless of length, do not count towards the requirement.

A new law requires hospitals to give Medicare patients notice of an observation status within 36 hours. This status determines how the hospital bills your health plan. Even if you are NOT under Medicare, when you or your family member arrives at the hospital, you can ask questions like:

- Is the patient’s status *inpatient* or *observation*?
- How long will the hospital stay be?
- Will there be a need for specialized skilled or rehab care after discharged?

Asking these questions throughout the hospital stay is important because hospitals can change the status from one day to the next. You can ask to have the status changed, but it is important to do so while still in the hospital. If necessary, you can request the hospital’s patient advocate for assistance.

ADDITIONAL PRESCRIPTION PLAN INFORMATION

EXPRESS SCRIPTS

The following additional features may apply to your prescription drug coverage.

- **Mandatory Generics:** Pharmacists must dispense the generic equivalent medication when available. If a member fills the brand name drug instead, they will be responsible for the brand drug copay plus the difference in cost between the brand and generic medication. (Applies to NJEHP & GSP).
- **Step Therapy:** Requires a trial with a lower cost medication before the member is given approval for a higher cost medication, when clinically appropriate. If a member purchases the higher cost medication without prior approval, then the medication will not be covered. (Applies to NJEHP & GSP).
- **Formulary List:** A guide for selecting clinically and therapeutically appropriate medications. This list includes a majority of brand and generic medications, and also lists certain medications which will not be covered. The formulary updates throughout the year, and brand name drugs may move to non-formulary status if a generic version becomes available during the year. For the most up to date version, please visit the Express Scripts website using the following link: www.express-scripts.com.
- **Non-Participating Pharmacies:** A majority of New Jersey pharmacies as well as other pharmacies located throughout the United States participate with ESI. However, some pharmacies in New Jersey and in other states do not have agreements with ESI and do not accept ID cards from this Prescription Drug plan. When using a non-participating pharmacy, you will be asked to pay the full cost of the prescription drug to the pharmacist. You then must file a claim for reimbursements with ESI. After you log into ESI, go to **Find a Pharmacy** under **Prescriptions** in the main menu. You can search for nearby network pharmacies by Zip code or city and state.

LEGAL NOTICES

Availability of Summary Health Information

As an employee, the health benefits available to you represent a significant component of your compensation package. They also provide important protection for you and your family in the case of illness or injury.

West Deptford BOE offers a series of health coverage options. You should receive a Summary of Benefits and Coverage (SBC) during Open Enrollment. These documents summarize important information about all health coverage options in a standard format. Please contact Human Resources if you have any questions or did not receive your SBC.

Patient Protection and Affordable Care Act

Please note: the medical plans are considered compliant with the Patient Protection and Affordable Care Act. There are no annual limits, dependent children can be covered to age 26 and preventive care is covered at 100% with no member cost-sharing and the pre-existing exclusion limitations have been removed.

As new Health Care Reform requirements become effective, the West Deptford BOE plans will be modified. We are fully committed to complying with all regulations and intend to notify you as soon as possible of any change(s).

Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- all stages of reconstruction of the breast on which the mastectomy was performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance; prostheses; and
- treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other benefits. If you have any questions, please speak with Human Resources.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2024. Contact your State for more information on eligibility –

INSURANCE MARKETPLACE NOTICE

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.
